

## Large Party Reservation Policies

At The Beehive Grill, we value each and every customer that comes through our doors and strive to provide the best hospitality & service that we possibly can. Due to limited large party availability, certain policies have been set in place to ensure that we are able to accommodate all of our guests in an efficient and timely manner.

All large party reservations will have a 2-hour time limit that begins at the selected time reserved when booking. In the event that a party is running late, the 2-hour time frame will still begin at the original time reserved. If a party fails to arrive within 15 minutes of their original reservation time, without calling to notify our staff prior to arriving, that reservation will automatically be cancelled unless otherwise approved by management. If a party is unable to be sat at the reserved time slot due to our error, the 2-hour time slot will begin when the party is sat at their table.

With all large party reservations of 20 guests or more, our 10% leeway policy will be implemented. If the final guest count is less than the number of anticipated guests (originally quoted when booking), the party will be held responsible for 90% of the original guest count, leaving a 10% leeway exception. For example: if a party of 30 people is reserved but only 20 guests arrive, the party will still be charged for 27 guests (90% of original number quoted). This policy has been set in place to help alleviate the cost of any prepped food and/or staffing accommodations necessary for large party reservations. Any additional plates that the party is charged for, can be distributed either on sight or prepared to-go.

We would like to extend our deepest appreciation for booking with us here at The Beehive Grill. Please let us know if you have any questions or concerns regarding these policies and we look forward to seeing you at the time of your reservation!
